

We are Living in a Great Moment – April 4, 2005
Sr. Joseph Andrew Bogdanowicz, OP, Vocations Director and Vicaress General of
the Dominican Sisters of Mary, Mother of the Eucharist, Ann Arbor, MI

During these days in which we join prayerfully to THANK GOD for our saintly John Paul the Great, please know that each one of you remains so close to me and to my Sisters. What a great moment we are living in -- never before has all the world been so riveted by holiness! When Pope John Paul II wrote about Christ being present "on the altar of the world", it had never previously occurred to me that because the world is the altar, we are CHRIST. Isn't this the 'secret' of the dignity of ALL human life? No matter how broken or sickly or 'partial' any of us may appear to be, one tiniest particle of the Eucharist is the whole Christ. And for HIM, our newest saint lived such a remarkably full life and died having been spent totally...with God alone to 'consume' him. He asked that we be of JOY -- even with tears in our eyes, our hearts must rejoice. And we must seize this moment of intense Grace on behalf of the whole world! Let us pray for remarkable conversions...beginning inside our own hearts!
